Offer Leading-edge Voice Services to Your Business Customers

Serving your local businesses is one of the best ways to add new revenue to your bottom line, and offering commercial VoIP is a natural add-on to your broadband service. VoiSelect Digital Voice from ZCorum provides a simple, cost-effective way to enter the commercial VoIP market, increasing your revenue per subscriber and helping to reduce customer churn. Our products are scaled to meet the needs of your commercial accounts— whether a home office, small business or a larger enterprise.

Individual Business Lines

A VoiSelect Business Line is a complete voice-in-the-cloud first-line replacement offering with extensive features. It includes all the popular Telco features, including Enhanced Caller ID, 3-Way Calling, Call Waiting, Do Not Disturb, Call Forwarding, Call Blocking, and more—all at no extra charge.
